

ControlMachines™

Why

To visualize
**EnergyMachines™ and
ClimateMachines™**
in operation.

Providing us tools to fine-tune
their efficiency.

(But we are not restricted...)

***We can supervise, and
control anything***

(And soon simulate and optimize as well...)

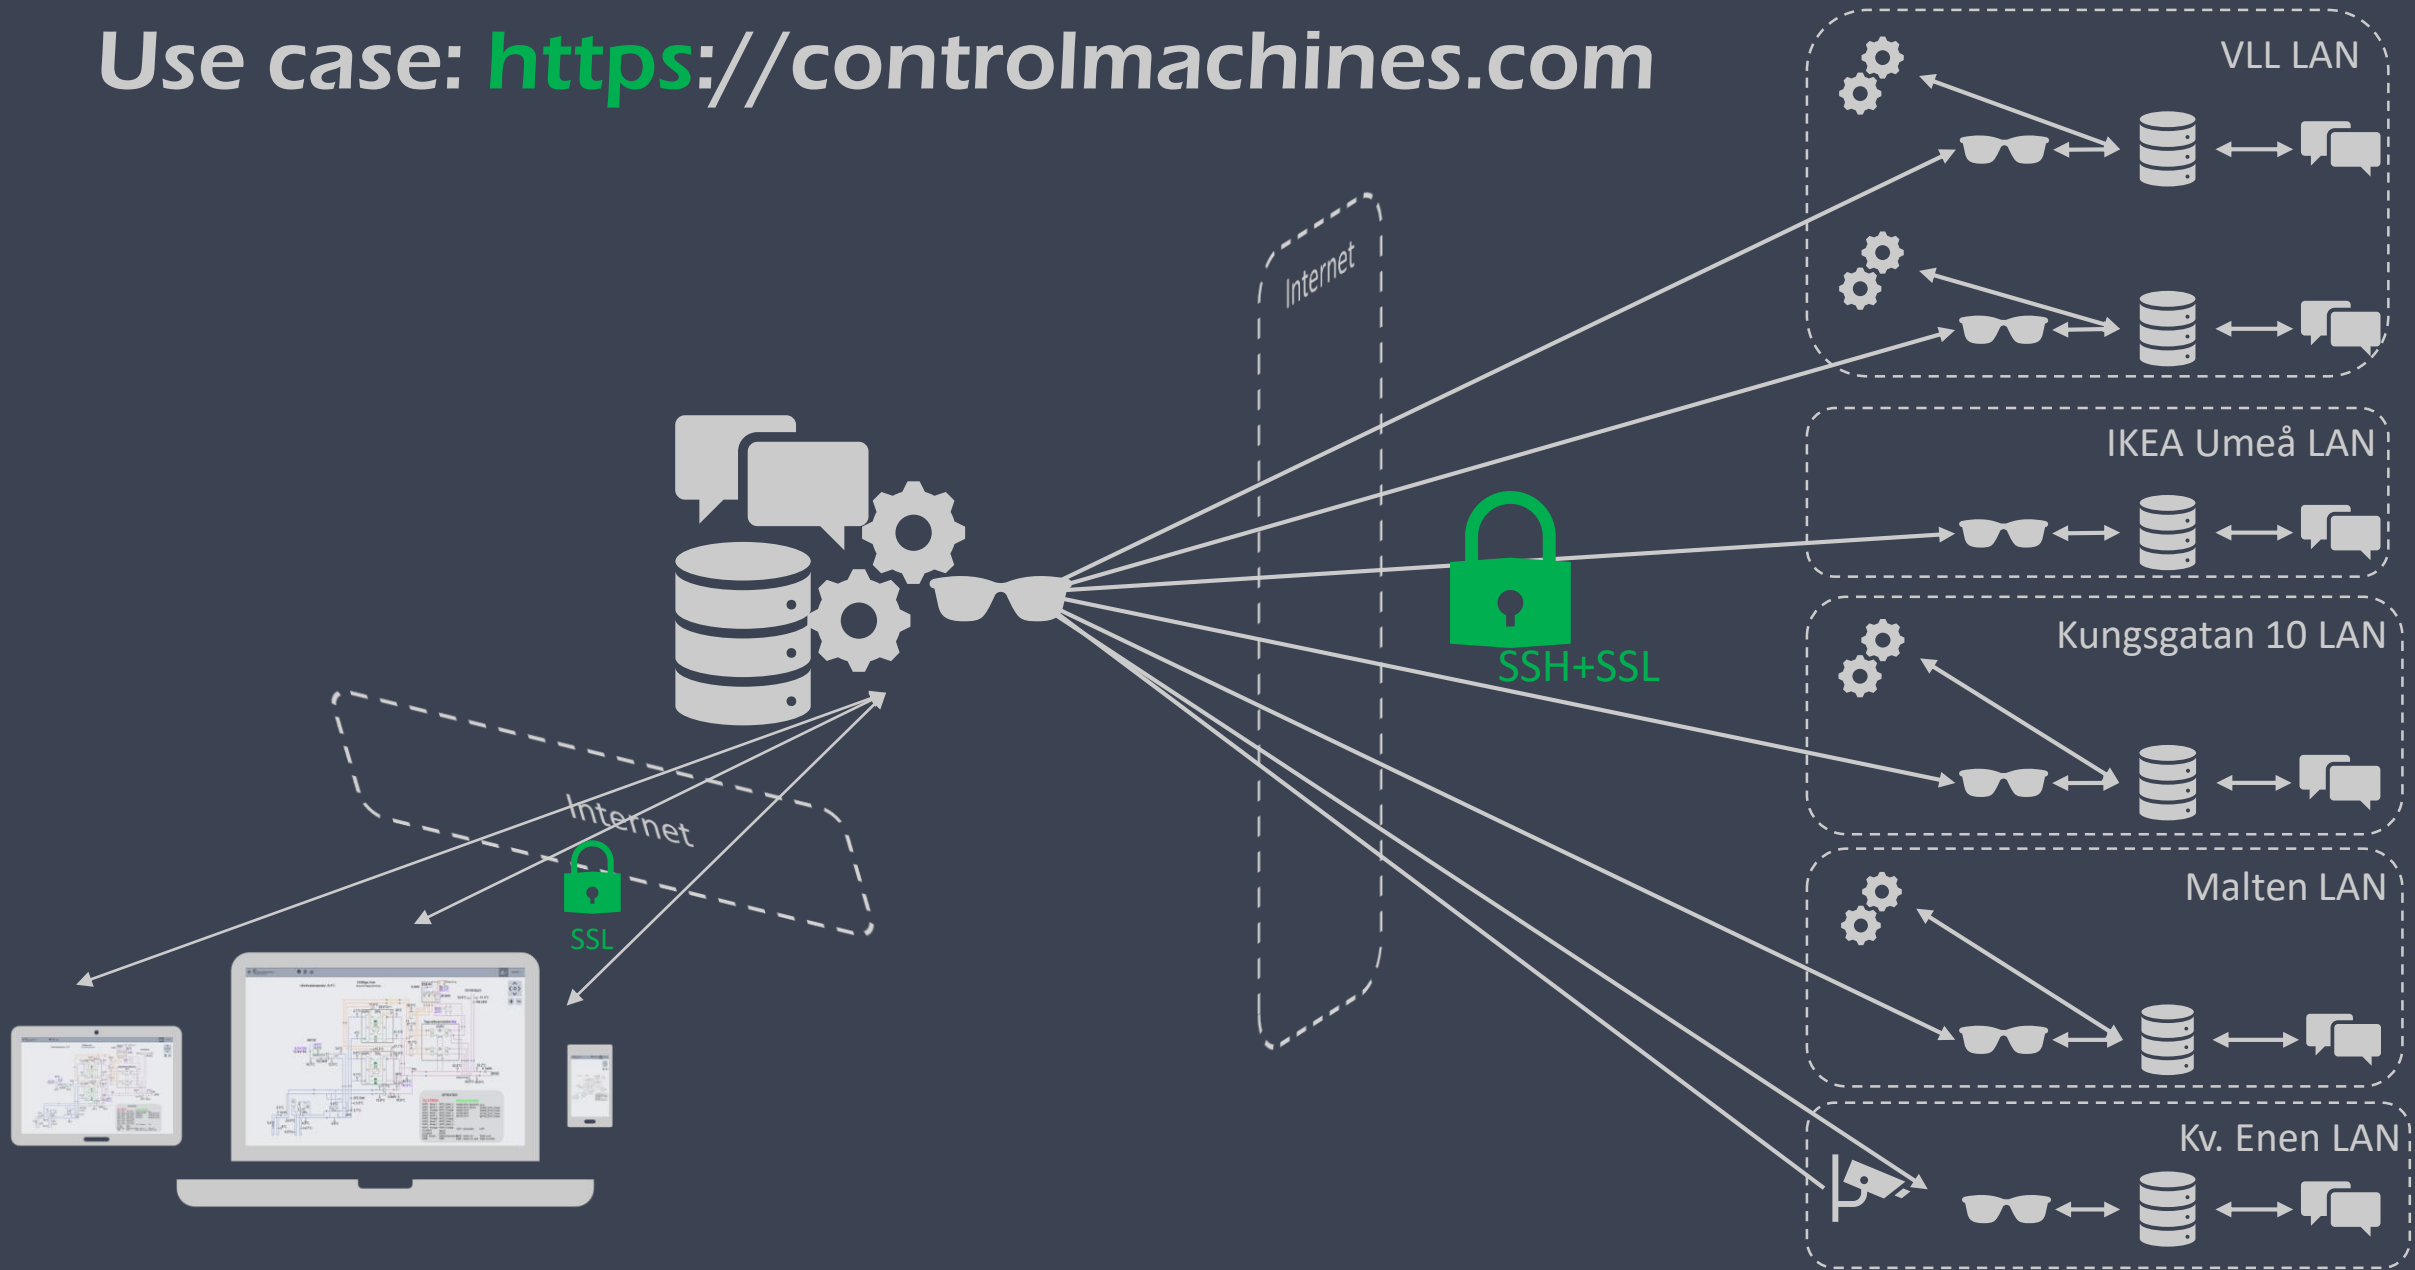

How

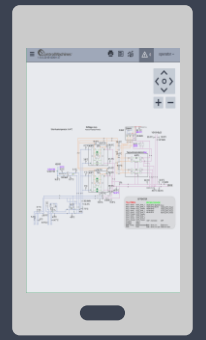

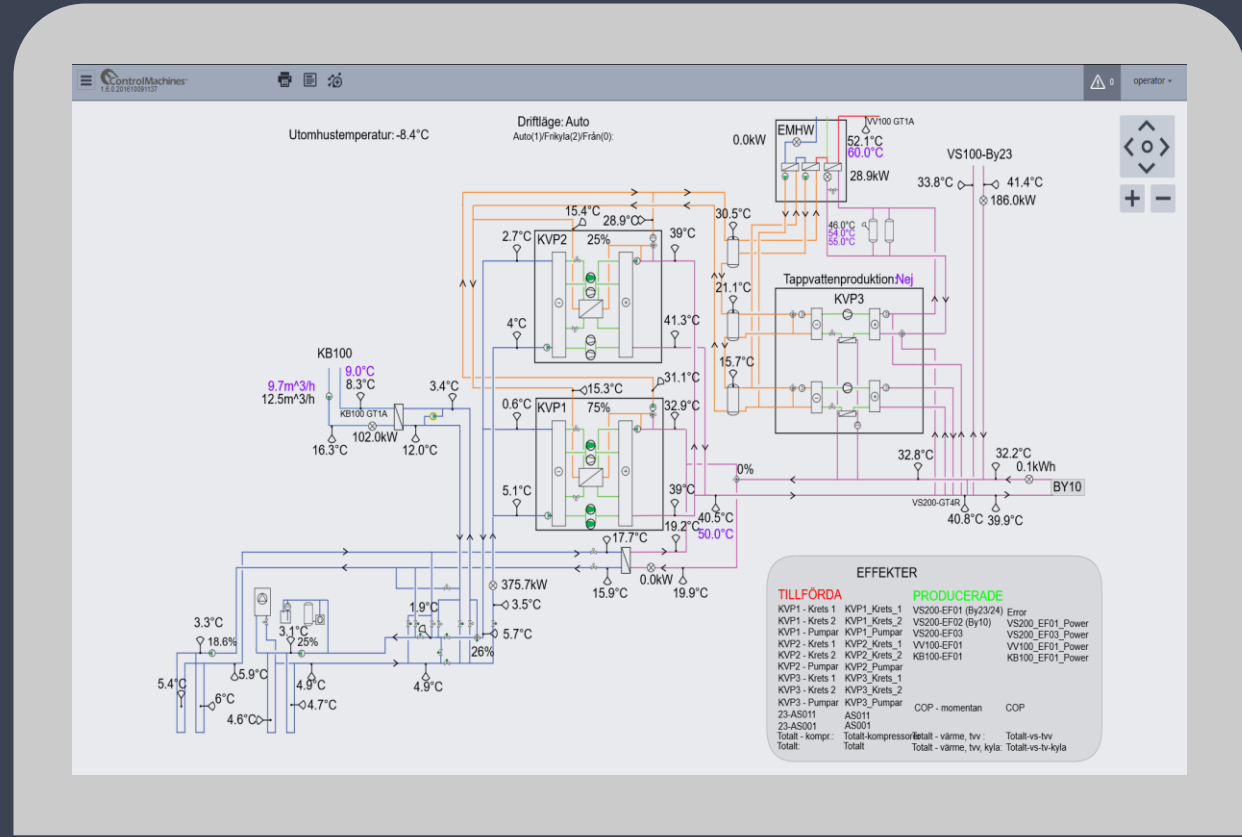

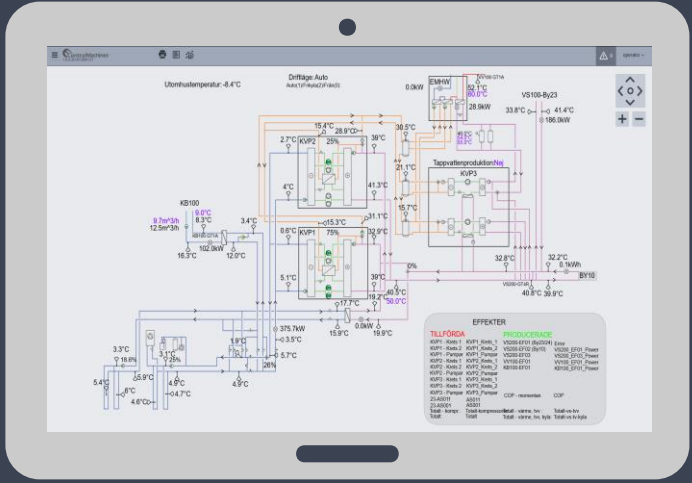

The bigger picture

Use case: <https://controlmachines.com>

Demo

**Questions,
considerations
or concerns?**

ControlMachines™
