

Node-RED as connectivity technology

28-05-2020

Node-RED as connectivity technology

28-05-2020

Agenda

- 09:00 - 09:05 **Introduction to Webinar**
Carsten Nøkleby, Senior Consult, SESAM-Word
- 09:05 - 10:00 **Introduction to Node-RED,**
Jan Ekstrom, IoT Solution Architect, IBM
- 10:00 - 10:30 **Node-RED automation nodes and review of Use Case**
Peter Fuglsang, EcoStruct Plant Expert, Schneider Electric
- 10:30 - 11:00 **Infrastructure that allows you to connect to Node-RED**
Mads Laier, Solution Consultant Network & Security, Rockwell Automation
- 11:00 - 11:30 **Using Node-RED and Docker as optimization platform**
Per Larsen, Teknologi- og digitaliseringsdirektør, ABB
- 11:03 - 12:00 **Node-RED nodes on Edge and Mindshere and review Use Case**
Morten Kromann, Technology Specialist MindSphere & TIA, Siemens

Comming events

Vi har allerede planlagt følgende webinarer i 2020:

- 28-05-2020: Node-Red anvendt i industrielle applikationer.
- 25-06-2020: Værdi af produktionsdata

Opfølgning på Connecting Technologies:

På det netop afholdte webinar om Connection Technologies, blev det angivet at de nedenfor nævnte webinarer planlægges med ca. 14 dages varsel:

- 19-06-2020 OPC UA & MQTT (I samspil med faggruppen PackML)
- 03-07-2020 5G & WiFi 6
- 21-08-2020 Sigfox & LoRa

Faggruppe:

- 13-05-2020 Digital transformation of Manufacturing (Productions data til Cloud)
- 26-05-2020 Informationssikkerhed i OT/IT miljø
- 19-06-2020 PackML & Line Controller
